25X1 21. [redacted] Called Dan Spiegel, in the office of Senator Humbert Humphrey (D., Minn.) and he said there would be no problem in our placing Senator Humphrey's letter to the Director on our bulletin board.

I also asked him if the Senator might like a briefing prior to his trip to the Soviet Union. Spiegel said it was his fault that he did not get in touch with us earlier as he was sure the Senator would have appreciated a briefing but that he would be in touch with us upon the Senator's return.

25X1 22. [redacted] Frank Slatinshek, Chief Counsel, House Armed Services Committee, called to request technical assistance for the Committee's scheduled visit to Somalia. I told Slatinshek that we would be glad to provide a briefing.

25X1 23. [redacted] Stuart Statler, Permanent Subcommittee on Investigations, Senate Government Operations Committee called concerning Senator Charles Percy's (R., Ill.) letter on [redacted] and said the Senator has no intention of releasing or making reference to the letter in the special press conference he is calling tomorrow, that the Senator wants to ponder it over the weekend and also gig the Attorney General on the status of his response. Statler had no problem with our letter ("It's what I would have expected from you") but was non-committal concerning the Senator's response. I told Statler that the trade-offs in harnessing a foreign intelligence service to the Government-wide war against illicit narcotics traffic involves getting important information but not being able to use all of it in prosecution because of the implication for Intelligence Sources and Methods and ongoing operations.

25X1 24. [redacted] Representative Clarence Brown (R., Ohio) called in follow up of his questioning on Wednesday at the hearing before the Subcommittee on Government Information and Individual Rights, House Government Operations Committee, concerning foreign intelligence targets on Capitol Hill. He has talked to Chairwoman Abzug about the possibility of the FBI testifying before the Subcommittee on this matter and intends to push for hearings before Government Operations and other committees.
